

## Company Update

We really enjoyed seeing our members this summer at the Lake Festival and Coldwater parades along with the Mercer County Fair!

We have recently added WHIO LAFF TV to channel 9 in the Local Package.

Our south fiber ring is complete. The ring will provide redundancy for Fort Recovery and Coldwater in the event of a fiber cut.

We also finished the final upgrades to our wireless towers in July. This was part of a half million dollar investment including new radios and backhaul feeds to our towers. The new equipment will provide better coverage and allow for faster bandwidth options in areas that were before unreachable. We currently cover all of Mercer County, southern Van Wert, western Auglaize, northern Darke and eastern Jay & Randolph Counties with wireless internet access.

## YOUR SEPTEMBER BILL INCLUDES YOUR 2014 PATRONAGE ALLOCATION

Your September bill states the amount allocated to your patronage capital account based on last year's margins. The information appears in the right message column on the front page. Also enclosed are the audited financial statements for 2014.

As a member you have a share in the earnings of your non-profit cooperative. Any net profit is allocated back to members in the form of patronage capital. Your percentage is tied directly to what you've invested—in other words, patronage. Our rates are set to bring in enough money to cover operating cost, loan payments, and investments in outside plant and equipment. The money left after all expenses have been paid, is then allocated to each member based on the total amount each member paid for services during the year.

Patronage capital represents your equity ownership in your cooperative. In order to operate the business patronage capital remains with the cooperative for a certain amount of time before it is retired, or returned to members in the form of patronage payments. The Board of Directors determines when such payments can be made after taking into consideration the financial condition and overall business plans of the cooperative. Payments are typically paid during the month of November.

The amount allocated to you from 2014 is payable at a future date. If you have any questions please feel free to contact us.
